Registration

Registration

Upon successful registration, the problem statement for the preliminary round will be shared with the Team Leader.

Preliminary Round

- Each team must select one problem statement and develop a solution.
- The solution should be hosted on GitHub, accompanied by a 2-minute video introducing the team, explaining the technologies and tools used, and providing a walkthrough of the application.
- Submission Deadline: April 5, 2025.
- 40 teams will be shortlisted from this round.
- Only mobile applications are accepted.

Final Round (April 17, 2025)
